Authorization To Provide Freight Handling Services: By completing the Freight Handling Order Form, it is understood that Valley Expo & Displays and its subcontractors do not automatically insure materials, that insurance, if any, shall be arranged by the Exhibitor and the amounts payable to Valley Expo & Displays for drayage services are based on the value of the material handling services and the scope of Valley Expo & Displays liability as herein set forth. The amounts payable to Valley Expo & Displays are unrelated to the value of the Exhibitor's property being handled by Valley Expo & Displays or its subcontractor. It is impractical and extremely difficult to fix the value of each shipment handled by Valley Expo & Displays or its subcontractors. It is agreed therefore that if Valley Expo & Displays or its subcontractors should be found liable for loss or damage to Exhibitor's materials, the liability shall be limited to the specific article that was physically lost or damaged. Such liability shall be limited to a sum equal to 30 cents per pound per article, with a maximum liability of \$500 per item, or \$1,000 per shipment, whichever amount shall be less, as agreed upon damages bit as a penalty, and such agreed upon damages shall be the Exhibitors exclusive remedy. Exhibits left on exhibit floor without return instructions will be returned to our warehouse and held for disposition at an additional charge. Valley Expo & Displays will not be responsible for condition, count or content until such time as exhibits or materials are picked up for removal after the close of the exhibition.

ADVANCE SHIPMENT FREIGHT HANDLING ORDER FORM

2022 WPLF Summer Training Conference

KI Center, August 8 - 9, 2022

As the official service contractor, Valley Expo & Displays is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering it to the booth, handling of empty containers to and from storage, and removing of material from the booth for loading onto your outbound carrier. Shipments by carriers not giving delivery receipts or bill of lading, will be accepted and delivered to your booth space with no guarantee of piece count or condition. No liability whatsoever will attach to Valley Expo & Displays for those shipments. Valley Expo & Displays assumes no liability for lost or damaged items stored during any event. Cost to transport your exhibit material to and from the convention or event is not included.

Information

- Freight is accepted **7/8/2022** thru **8/5/2022**.
- To ensure timely arrival of your materials at show site, freight should arrive by 7/8/2022. Freight will still be received after the deadline date; however, delays may occur and additional charges will apply.
- The warehouse receives shipments Monday through Friday, except holidays.
- The warehouse will accept crates, cartons, skids, trunks/cases and carpets.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Certified weight tickets must accompany all shipments.

Advantages

There are several advantages to shipping in advance to the warehouse versus directly to the show site:

- Exhibitors can confirm shipment has arrived in advance of the move-in date.
- Materials will be delivered to your booth prior to your arrival on site. Exceptions may occur.
- Delivery dates and times are more flexible.

Estimating Material Handling Charges

- Charges will be based on the weight of your shipment. Each shipment received is considered separately. The shipment weight will be rounded to the next 100 lbs. Each 100 lbs. is considered one "cwt" (one hundred weight). All shipments are subject to reweigh. (200lbs minimum charged on all shipments weighing 51lbs - 200lbs)
- Select the category that best describes your shipment. There are two categories of freight:
 - Crated:** Material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
 - Special Handling:** Material delivered by a carrier in such a manner that it requires additional handling, such as ground unloading, stacked or constricted space unloading, designated piece unloading, shipment integrity, alternate delivery location, loads mixed with pad wrapped material, carpet and/or pad only shipments, no documentation and shipments that require additional time, equipment or labor to unload. **Federal Express, UPS Ground, & DHL** are included in this category due to their delivery procedures.
- Add Overtime and/or Double Time surcharges for inbound if material is delivered to the booth during the overtime and/or double time period.
- Add Overtime and/or Double Time surcharges for outbound if material is loaded onto the outbound carrier during the overtime and/or double time period.
- Add the early/late surcharge if the shipment is accepted at the advance warehouse before or after the deadline dates listed above.

Straight Time : 8:00 AM to 4:30 PM Monday through Friday
Overtime: 4:30 PM to 8:00 AM Monday through Friday; All day Saturday

INFORMATION**

2022 WPLF Summer Training Conference

KI Center, August 8 - 9, 2022

Outbound shipping is not an automatic process. Each shipment must have freight handling services on order and a completed Bill of Lading in order to ship materials from the show. All pieces must be labeled individually. After materials are packed, labeled and ready to be shipped, the completed Bill of Lading must be turned in at the Valley Service Desk. **Do not leave this in your booth with your shipment.** Call your designated carrier with pick-up information. In the event your carrier fails to show by carrier check in time indicated on the shipping information form, your shipment will be rerouted to Valley Expo & Displays' official show carrier at exhibitor's expense.

Tear Down

The show closes at **3PM** on **8/9/2022**. Please do not tear down prior to the close of the show. Empty crates will be brought to your booth.

Outbound Pick-Up Address & Carrier Check In

- All outbound shipments must be picked up at the show site location.
- Each exhibitor is responsible for arranging prompt pick-up and removal of outbound shipments. If you are using a carrier other than the official show carrier, it is your responsibly to contact the carrier and advise them that they must be checked in and the appropriate times.
- Drivers are placed in line for loading on a first-come, first serve basis, provided the exhibitor is completely packed and a Bill of Lading has been turned into the Service Desk. Should your carrier fail to check in by the designated time, Valley Expo & Displays reserves the right to re-route the shipment via the official show carrier as necessary, at the exhibitor's expense.

- All outbound shipments require a Valley Bill of Lading. Bills of Lading will be distributed to your booth before move out. If you do not receive a bill of lading please see the Valley Service Desk.
- A Bill of Lading must be completed for each truckload and destination. If you have multiple shipping destinations or multiple truckloads to one destination, additional Bill of Ladings are available at the valley Service Desk.
- No Bill of Lading will be issued until your invoice has been paid in full.

Supplying the proper files insures that your output will look the way you expect, and keep additional charges to a minimum. If you have questions about file formats, resolution, or other graphics concerns, please call us at **815-873-1500** or e-mail events@valleyexpodisplays.com

Raster (Pixel-based) Art -

Raster art is the way most continuous tone images are produced. Scanned images, Photoshop files, tif, jpg, & bmp are examples of raster or pixel-based art. Resolution for these files should be at least 300dpi *at output size*. For example, a file for 16 x 20 inch output should be 4800 pixels by 6000 pixels. Both cmyk and rgb are acceptable but **cmyk is preferred**. **Its helpful if all your files are consistently one or the other.**

Use for:

Photographic or continuous tone images.

Vector Art -

Vector art is 'resolution independent', meaning it can be scaled to any size with no loss of quality. Illustrations created in Adobe Illustrator or Freehand are vector art. EPS files are the most common format for vector art.

NOTE: A Raster image imported or placed, and then saved in these programs is not changed into vector art... *it is still a raster image* and may not be suitable for some output options.

Logos & illustrations produced as cut vinyl **MUST** be vector art. If you cannot supply vector art, you may be charged for the time required to convert/recreate your art in the proper format.

Use for:

Cut vinyl, large format text, logos, graphic elements.

Art Size: Art files should be submitted with at least 0.5" bleed. (ex. 22" x 28" sign would be 22.5" x 28.5")

Raster Art can be supplied as Photoshop, jpg, tif, eps, bmp or other standard raster formats.

Vector Art should be **Adobe Illustrator (.ai), InDesign (.indd) or .eps (from Illustrator or InDesign)** files with text converted to paths. Include all linked files. If text is not converted to paths, all fonts must be included. When sending vector art use the package option in Illustrator or InDesign to properly export all necessary files.

QuarkExpress users, supply eps files with fonts embedded. Native Quark files are no longer supported.
