SHIPPING vs. MATERIAL HANDLING

2024 WPLF Mid-Winter Training Conference

Kalahari Resort / February 5 -6, 2024

What is Shipping

Shipping is the process of a carrier picking up items from your office, or any place of origin, and transporting it to the dock of either the advance warehouse or event facility. Shipping

is separate from Freight Handling. Exhibitors may use any carrier they want, including the official show carrier, ABF Freight.

<https://arcb.com/abf-freight>

What is Material Handling

Material Handling is the process of receiving a shipment from your carrier and managing on site handling of the shipment through the event cycle. It is a standard event procedure with associated costs based on shipment weight.

Valley is the sole provider of Material Handling Services. Exhibitors or their hired EAC/carriers may not deliver freight to exhibit spaces delivered by common carrier/ground services or operate any type of mechanical or powered equipment. Material handling is a billable service.

Material Handling Process:

- The unloading of freight from your carrier once it arrives at the receiving dock.
- The transporting freight from dock to your booth space.
- The removing of empty shipping containers (boxes, crates and pallets) from your booth.
- The temporary storage of your empty shipping containers during the duration of the show.
- The return of empty shipping containers to your booth at the close of event.
- The transfer of your freight back to the loading dock once your chosen carrier has arrived.
- The loading of your freight into your carrier's vehicle for return shipping.

One easy way to keep charges low?

Whether you ship to the advance warehouse or directly to show site, it is in your best interest to consolidate your shipment as much as possible. Each shipment that arrives separately is assessed the minimum charge.

Consolidate shipments when total weight is less than 200 lbs. ***It can save you money!*** For example:

3 Separate Shipments

60 lbs. charged @ 200 lbs. Minimum \$ 444.40
52 lbs. charged @ 200 lbs. Minimum \$ 444.40
65 lbs. charged @ 200 lbs. Minimum \$ 444.40= \$ **1,333.20**

1 Consolidated Shipment

3 pieces (1 shipment)
177 lbs. charged @ 200 lbs. Minimum = \$ **444.40**

Added benefit - your shipments are less likely to get misplaced if they are packaged together with larger items.

Advance Warehouse Direct to Show Site

Kalahari Resort / February 5 -6, 2024

The official Show Carrier for this event is ABF Freight, however you can use any carrier you choose to ship your items. You have two options for shipping your advance freight—either to the warehouse or directly to show site (if applicable). Material handling charges will incur for shipments received at either the advance warehouse or directly to show site. To avoid delay in receiving your shipment at show site, please make sure you have a material handling order and credit card on file.

Shipping to the Advanced Warehouse

- **Advance Warehouse Address: Valley , 4950 American Rd, Rockford , IL 61109**
- Freight accepted: **1/4/2024 - 2/1/2024**
- To ensure timely arrival of your materials at show site, freight should arrive by the deadline date of **2/1/2024**. Your freight will still be received after the deadline date, but additional charges will be incurred and possible delay in delivery.
- The warehouse will receive shipments Monday through Friday, except holidays.
- The warehouse will accept crates, cartons, skids, trunks/cases and carpets. Loose or pad-wrapped material must be sent directly to show site.
- All shipments must have a Bill of Lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Certified weight tickets must accompany all shipments.
- Warehouse freight will be delivered to the booth prior to exhibitor setup.
- Please call our Exhibitor Services Department at 815.873.1500 if you want to ship oversized material that requires special equipment to the warehouse.

- Certified weight tickets must accompany all shipments.
- Once your carrier arrives and is unloaded, the shipment will be brought to booth.
- Please call our Exhibitor Services Department at 815.873.1500 if you want to ship oversized material that requires special equipment to Kalahari Resort.

Prepaid or Collect Shipping Charges

- Collect shipments will be returned to the delivery carrier.
- To ensure that your freight does not arrive collect, mark your Bill of Lading "prepaid".
- "Prepaid" designates that the transportation charges will be paid by the exhibitor or a third party.

Labeling Your Freight

- The label should contain the following:
- Exhibiting Company Name
- Booth Number(s)
- Name of the Event - **2024 WPLF Mid-Winter Training Conference**
- For your convenience please use the advance shipping label and/or the direct to show site shipping label provided in this exhibitor kit.

Protecting Materials

Consistent with trade show industry practices, there may be a lapse of time between the delivery of your shipment(s) to your booth and your arrival. The same is true for the outbound phase of the show-time between your departure and the actual pickup of your materials. During these times, your materials will be left unattended. We recommend that you arrange for a representative to stay with your materials or that you hire security services to safeguard your materials.

Special Handling Shipments received that are packed in a manner as to require additional handling/labor are deemed special handling. Examples of shipments falling into this category would be constricted space unloading, ground unloading, stacked shipments, designated piece unloading, shipment integrity, mixed shipments, no Bill of Lading or documentation, carpet/pad only shipments.

- **Constricted Space** Freight packed in trailer to full capacity. Shipments are not easily accessible because trailer is loaded by cubic space, or top to bottom and side to side.
- **Stacked Shipments** Shipments with multiple pieces stacked on top of one another throughout the majority of the truck or trailer requiring unstacking during the unloading process.
- **Mixed Shipments** Mixed shipments are shipments that contain a mixture of uncrated and crated materials, and the uncrated portion is minimal deeming the shipment special handling but not uncrated. But in cases where greater than 50% of the load by volume is uncrated the load will be categorized as uncrated.
- **Shipment Integrity** Shipments loaded on a carrier in a manner requiring separating or sorting to reestablish the integrity of each shipment.
- **Carpet/Pad Only** Carpet and/or pad only shipments are time and labor intensive, and require additional manpower and tools (e.g. carpet poles, flatbed carts or scooters, dollies).
- **No Documentation** Shipments received from small package carriers (including, among others, Fed Ex, UPS, & DHL) that are delivered without documentation or Bills of Lading that require additional sorting, processing, and tools for delivery.
- **Designated Piece Unloading** Shipments loaded in such a manner that require the unloading/loading crew to be directed by driver to remove items in a particular order, or unloading and reloading items to reach certain pieces behind others remaining on the trailer.
- **Padded Van Deliveries** this applies to van line carriers that transport freight at cubic displacement rates, operate a non-standard dock height equipment, require freight on the truck to be unloaded in a specific order or orientation, or require that freight on the truck be moved to unload the actual delivery.

Disposal Fee A disposal fee & minimum 1 hour of labor will be charged for all booth materials (booth displays, flooring, etc.) that are left unclaimed after show move out.

Overtime/Double-time SURCHARGE: Overtime: 25% • Double Time: 50% Shipments that are moved and/or handled on overtime and/or double time hours will incur a surcharge based on the handling times noted on the receiving/shipping documents. Drivers picking up outbound shipments will be sequenced for loading ONLY after a Bill of Lading is submitted to the Valley Service Desk AND the driver has checked in.

Early/Late Shipments to the Warehouse SURCHARGE: 25% A surcharge will apply to shipments not arriving within the published dates (refer to Show Information page for dates) for advance warehouse or arriving on show site after show opening. Any shipment arriving to show site after show open will be charged a surcharge.

Reroute/Forced Freight Due to failure of exhibitor carrier to check in at the designated times, Valley will cosign exhibitor's shipment to the Official Show Carrier for transportation at exhibitor's expense.

FIB/LIB Shipment found/left in booth by exhibitor. Shipment will be rerouted to the Official Show Carrier for transportation at exhibitor's expense.

Reweigh of Shipments FEE: \$ 25.00 per forklift load An additional charge per forklift load will be applied to shipments that have to be reweighed at the dock due to the lack of a certified weight ticket, or an incorrect or understated weight on a delivery document.

Empty Crate Storage FEE: \$ 75.00 per piece A charge per crate, carton or skid applies when Valley handles the storage and return of empties from a shipment not received by Valley and therefore not subject to material handling charges.

MATERIAL HANDLING SERVICES

As the official service contractor, Valley is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering it to the booth, handling of empty containers to and from storage, and removing of material from the booth for loading onto your outbound carrier. Shipments by carriers not giving delivery receipts or Bill of Lading, will be accepted and delivered to your booth space with no guarantee of piece count or condition. No liability whatsoever will attach to Valley for those shipments. Valley assumes no liability for lost or damaged items stored during any event. Cost to transport your exhibit material to and from the convention or event is not included.

Straight Time : 8:00AM to 4:30PM Monday through Friday
Overtime: 4:30PM to 8:00AM Monday through Friday; All day Saturday
Double Time: All day Sunday and Holidays
(Overtime/double time will be applied to all freight received at the warehouse that must be moved into or out of booth during above listed times)

Estimating Standard Material Handling Charges

⇒ Charges will be based on the weight of your shipment. Each shipment received is considered separately. The shipment weight will be rounded to the next 100 pounds. Each 100 pounds is considered one "cwt" (one hundred weight). All shipments are subject to reweigh. **(200 pounds minimum charged on all shipments weighing 51 - 200 pounds)**

- Select the category that best describes your shipment. There are two categories for advance freight and three categories for direct freight:

Crated: Material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
Special Handling: Material delivered by a carrier in such a manner that it requires additional handling, such as ground unloading, stacked or constricted space unloading, designated piece unloading, shipment integrity, alternate delivery location, loads mixed with pad wrapped material, carpet and/or pad only shipments, no documentation and shipments that require additional time, equipment or labor to unload. **Federal Express, UPS Ground, & DHL** are included in this category due to their delivery procedures.
Uncrated: Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.

Add overtime and/or double time charges for inbound if material is delivered to the booth during the overtime and/or double time period.

Add overtime and/or double time charges for outbound if material is loaded onto the outbound carrier during the overtime and/or double time period.

Add the early/late surcharge if the shipment is accepted at the show site before or after the deadline dates.

OUTBOUND INFORMATION

Outbound shipping is not an automatic process. Each shipment must have material handling services on order and a completed Bill of Lading in order to ship materials from the show. All pieces must be labeled individually. After materials are packed, labeled and ready to be shipped, the completed Bill of Lading must be turned in at the Valley Service Desk. **Do not leave this in your booth with your shipment.**

Call your designated carrier with pick-up information. In the event your carrier fails to show by the carrier check in time indicated on the shipping information form, your shipment will be rerouted to Valley's official show carrier at the exhibitor's expense.

Tear Down

The show closes at **3:30PM** on **2/6/2024**. Please do not tear down prior to the close of the show. If your event has aisle carpet, the aisle carpeting will be removed before forklift service or empty crates will be returned. Please allow time for removal. Once completed, empty crates will be brought to your booth.

Outbound Pick-Up Address & Carrier Check In

- All outbound shipments must be picked up from Kalahari Resort, 1305 Kalahari Drive, Wisconsin Dells, WI 53965
- Each exhibitor is responsible for arranging prompt pick-up and removal of outbound shipments. If you are using a carrier other than the official show carrier, it is your responsibility to contact the carrier and advise them that they must be checked in and the appropriate times.
- Drivers are placed in line for loading on a first come, first served basis, provided the exhibitor is completely packed and a Bill of Lading has been turned into the Valley Service Desk. Should your carrier fail to check in by the designated time, Valley Expo & Displays reserves the right to re-route the shipment via the official show carrier as necessary, at the exhibitor's expense.

Outbound Bill of Lading Procedure

- All outbound shipments require a Valley Bill of Lading. Bills of Lading will be distributed to your booth before move out. If you do not receive a Bill of Lading please see the Valley Service Desk.
- A Bill of Lading must be completed for each truckload and destination. If you have multiple shipping destinations or multiple truckloads to one destination, additional Bills of Lading are available at the Valley Service Desk.
- No Bill of Lading will be issued until your invoice has been paid in full.
- Return the completed Bill of Lading to the Valley Service Desk when your materials are packaged and ready to be shipped. Turning in your Bill of Lading indicates to Valley that your shipment is ready to be loaded.
- The name of the carrier listed on your completed Bill of Lading must match the name of the carrier checking in or your freight will not be released.

In an effort to provide you with the best graphics for your display, Valley requests that you review these file and media requirements when you supply digital art. Supplying the proper files insures that your output will look the way you expect, and keep additional charges to a minimum. If you have questions about file formats, resolution, or other graphics concerns, please call us at 815-873-1500 press 1 for exhibitor services department or e-mail events@valleyexpodisplays.com.

Raster (Pixel-based) Art -

Raster art is the way most continuous tone images are produced. Scanned images, Photoshop files, tif, jpg, & bmp are examples of raster or pixel-based art. Resolution for these files should be at least 300dpi *at output size*. For example, a file for 16 x 20 inch output should be 4800 pixels by 6000 pixels. Both cmyk and rgb are acceptable but **cmyk is preferred. Its helpful if all your files are consistently one or the other.**

Use for:

Photographic or continuous tone images.

Vector Art -

Vector art is 'resolution independent', meaning it can be scaled to any size with no loss of quality.

Illustrations created in Adobe Illustrator or Freehand are vector art. EPS files are the most common format for vector art.

NOTE: A Raster image imported or placed, and then saved in these programs is not changed into

vector art...*it is still a raster image* and may not be suitable for some output options.

Logos & illustrations produced as cut vinyl **MUST** be vector art. If you cannot supply vector art, you may be charged for the time required to convert/recreate your art in the proper format.

Use for:

Cut vinyl, large format text, logos, graphic elements.

Art Size: Art files should be submitted with at least 0.5" bleed. (ex. 22" x 28" sign would be 22.5" x 28.5")

Raster Art can be supplied as Photoshop, jpg, tif, eps, bmp or other standard raster formats.

Vector Art should be **Adobe Illustrator (.ai), InDesign (.indd) or .eps (from Illustrator or InDesign)** files with text converted to paths. Include all linked files. If text is not converted to paths, all fonts must be included. When sending vector art use the package option in Illustrator or InDesign to properly export all necessary files.

QuarkExpress users, supply eps files with fonts embedded. Native Quark files are no longer supported.

Media: Click here to submit files to <https://spaces.hightail.com/uplink/valley>

Please include a color hardcopy or pdf. Critical PMS colors should be indicated on the hardcopy.
