Agreement and Signature

I hereby certify and am aware that WCPA volunteer mentors provide guidance and recommendations only and that any legal issues should be reviewed with the jurisdiction's legal counsel. WCPA assumes no responsibility for the advice and guidance given under this program.

I understand that WCPA asks each volunteer mentor to set forth his or her educational and training credentials and other qualifications and experience, but WCPA does not independently verify this information. The WCPA Mentoring Committee does require volunteer mentors to meet qualifications set by the committee and adhere to procedures set forth.

Although WCPA requires participants in the mentoring program to keep information that I tell my mentor that is personal and sensitive in nature and that I ask my mentor to keep as confidential, I am aware that a court, legislative or enforcement agency or applicable law could compel disclosure of certain information, regardless of the parties' agreement to treat it confidentially.
